

Hardwick Haulage Environmental Policy

Hardwick Haulage Ltd is committed to providing a quality service in a manner that ensures a safe and healthy workplace for our employees and minimizes our potential impact on the environment. We will operate in compliance with all relevant environmental legislation and we will strive to use pollution prevention and environmental best practices in all we do.

- Integrate the consideration of environmental concerns and impacts into all our decision making and activities,
- Promote environmental awareness among our employees and encourage them to work in an environmentally responsible manner,
- Train, educate and inform our employees about environmental issues that may affect their work,
- Reduce waste through re-use and recycling and by purchasing recycled or re-furnished products and materials where these alternatives are available, economical and suitable,
- Promote efficient use of materials and resources throughout our facility including water, electricity, raw materials and other resources, particularly those that are non-renewable,
- Avoid unnecessary use of hazardous materials and products, seek substitutions when feasible, and take all reasonable steps to protect human health and the environment when such materials must be used, stored and disposed of,
- Purchase and use environmentally responsible products accordingly,
- Where required by legislation or where significant health, safety or environmental hazards exist, develop and maintain appropriate emergency and spill response programs,
- Strive to continually improve our environmental performance, and minimise the social impact and damage of activities by Annually reviewing our environmental policy in view of our current and planned future activities.
- **Drivers are to ensure that whenever possible engine idle times are kept to a minimum, this does not include when the PTO is engaged for whatever reason.**
